MISSOURI CHAMBER
OF COMMERCE AND INDUSTRY

We make HSAs easy for your business.

We're part of a local, Missouri-based bank with a national HSA footprint. We'll set you up with a HIPAA-compliant, real-time interface portal that gives you secure access to everything you need, such as reports and employee data.

Features include:

- **Employee Management:** Online lookup helps you respond to employee questions and issues.
- **Account Funding & Contribution Management:** Multiple options available for funding accounts, including scheduled and recurring contributions, and file-based contribution submission.
- **Robust, Flexible Reporting:** Automatically scheduled, as well as on-demand reports at your fingertips, available in multiple file types.

We make HSAs easy for your employees, too.

Your employees have 24/7 access to the HSA Central Mobile App (dedicated specifically to their HSA) or our online platform through HSACentral.net. Features include:

- **Fund and Account Management:** View account balances, account activity, plus bill pay and debit card transactions. Employees can even snap pictures of receipts with the dedicated HSA Central Mobile App or scan items to see if they're eligible healthcare expenses.
- **Self-Service:** View and update personal data; sign up for and manage direct deposit and card status; enroll in text and e-mail communications.
- **Investing Tools:** Easily plan and budget for future healthcare expenses, including managing HSA investments and setting a threshold on your cash account to automatically invest when funds reach a certain amount.
- **Controlled Expenses:** HSA Central Debit Mastercard® helps to purchase eligible healthcare items at retail, discount and grocery stores or at your doctor's office, hospital, lab or pharmacy.
